

NOT A TRACE LEFT

Rheumatism Thoroughly Cured by Dr. Williams' Pink Pills for Pale People.

There is one remedy that will cure rheumatism in any of its forms and so thoroughly eradicate the disease from the system that the cure is permanent. This remedy is Dr. Williams' Pink Pills for Pale People and the proof of the statement is found in the experience of Mr. T. S. Wagar, of No. 72 Academy street, Watertown, N.Y. He says:

"The pain was in my joints and my sufferings for over two years was beyond description. There was an intense pain in my shoulders that prevented me from sleeping and I would get up and walk the floor at night. When I began taking Dr. Williams' Pink Pills the improvement was gradual, but by the time I had taken four boxes I was entirely cured and I have not had the slightest touch of rheumatism since that time."

Mr. Wagar's wife is also enthusiastic in her endorsement of Dr. Williams' Pink Pills. She says: "I have tried the pills myself for stomach trouble and have experienced great relief from their use. My daughter, Mrs. Atwood, of Gill street, Watertown, has used them for female weakness and was much benefited by them. I regard Dr. Williams' Pink Pills for Pale People as an extremely valuable family medicine."

Dr. Williams' Pink Pills have cured the worst cases of bloodlessness, indigestion, influenza, headaches, backaches, lumbago, sciatica, neuralgia, nervousness, spinal weakness, and the special ailments of girls and women whose blood supply becomes weak, scanty or irregular. The genuine Dr. Williams' Pink Pills are guaranteed to be free from opiates or any harmful drugs and cannot injure the most delicate system. At all druggists or from the Dr. Williams Medicine Co., Schenectady, N.Y., postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50.

Self-distrust is the cause of most of our failures. In the assurance of strength there is strength, and they are the weakest, however, strong, who have no faith in themselves or their powers.—Bovoc.

K C BAKING POWDER.

The Best Example of What a Pure Baking Powder Should Be in Quality and Price.

A popular and efficient baking powder requires two things—first, that the food made with it shall be absolutely wholesome; second, that it shall be sold at a reasonable price.

In talking about the healthfulness of baking powder, it must be remembered that baking powder is not an article of diet any more than compressed yeast. One would be quite as objectionable for food as the other, except that of the two, the baking powder might be preferable.

We do not eat either baking powder or yeast. What we do eat is the biscuit and bread raised with them. When placed upon the table no yeast remains in the bread and no baking powder in the biscuit. Both leavening agents have been destroyed in the aeration and the baking; otherwise, instead of light bread and biscuit we should have a mass of heavy, hard-baked dough.

One well-known brand, K C Baking Powder, is sold under a \$500,000 guarantee of its healthfulness and purity. There can be no doubt that a baking powder so guaranteed is absolutely wholesome and perfectly reliable. Even if it did remain in the food it could do nothing but good.

With regard to price, a baking powder as efficient and wholesome as is possible to make can be sold, at a fair profit, for one cent an ounce. If it costs more the price is exorbitant.

Millions of pounds of K C Baking Powder, made by the Jaques Manufacturing Company of Chicago, have been sold at the above figure all over the country; and K C offers the best example at present on the market of what a good baking powder should be, both in respect of quality and reasonable price.

Have many friends. A chum usually is disappointing and leaves a sore spot which might have been avoided.

A detestable fault is one we can trace to somebody we dislike.

Insist on Getting It.

Some grocers say they don't keep Defiance Starch. This is because they have a stock on hand of other brands containing only 12 oz in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money.

Do you want 16 oz. instead of 12 oz. for same money? Then buy Defiance Starch. Requires no cooking.

Charity sometimes begins at home and ends in the almshouse.

MOHAIR VICTIM OF CONSPIRACY.

Was Shot to Death While in Bed—Wife Confesses—Wanted Insurance Money.

Sasakwa, Seminole Nation.—A deliberate and cold-blooded murder was committed at the little town of Allen, ten miles from this place, for the sole purpose of collecting a life insurance policy of \$800.

John Mahair was the victim of death while asleep in his bed at 2 o'clock in the morning. Through the arrest of his wife a full confession has been obtained implicating Lou Gilmore and C. L. Colston as the actual perpetrators of the deed.

It appears that Gilmore, Colston and Mrs. Mahair entered into a conspiracy to murder Mahair in order to collect a life insurance policy of \$800. Mrs. Mahair was to receive half the money and the two men the other half.

At 2 o'clock Saturday morning Gilmore and Colston went to Mahair's house and Gilmore went inside while his companion remained on watch in front of the house. While Mahair slept Gilmore emptied the contents of his revolver into his body. Mrs. Mahair was not sleeping with her husband but occupied an adjoining room.

After the murder the woman buried the revolver in the smokehouse and placed a churn over the spot. When Deputy Marshal Edmonds heard of the crime he took up an investigation which resulted in the arrest of Mrs. Mahair and the implication of the two men. Gilmore and Colston were afterwards arrested by Deputy Marshal Edmonds who has done a shrewd piece of detective work. The three prisoners were taken to South McAlester for a hearing before United States Commissioner McMillan.

Guthrie to El Reno.

McCALL BEFORE THE COMMITTEE.

President of New York Life Denies Company's Attorney is Not Wanted.

New York.—John A. McCall, president of the New York Life Insurance company, was called before the Armstrong committee of the insurance investigation today and peremptorily decided by a committee to demand the return from Europe to this country of Andrew Hamilton, the lawyer who has charge of the legislative matters of the New York Life.

McCall further ordered to demand an accounting from Hamilton of moneys expended by him and of the balance which he owes the New York Life. McCall denied that it was the policy of the company to have Hamilton remain abroad until after this investigation had been concluded and said that on the contrary he would very much like to have Hamilton return.

McCall, replying to Mr. Hughes, counsel for the committee, said he had called the attention of the board of trustees of the company to his testimony before the committee relative to Hamilton and gave Hughes a copy of his statement which said that if Hamilton did not return to the New York Life the sum of \$235,000 by December 15, he would himself pay it to the company. McCall said Hamilton was either in Paris or Nauheim.

STOPPED AT WRONG HOUSE.

The Shooting of a Territory Man Who Was Mistaken for a Burglar.

South McAlester, (I. T.)—James Marlie was shot and killed near the outskirts of Wilburton by John Fenney, when the former was tampering with a window in a house where Fenney boarded. In the night Fenney was aroused and told that someone was attempting to force a window. Fenney fired at the man, killing him. It developed later that it was Marlie and that he had started to visit a relative and had called at the wrong house. Fenney has disappeared.

UP AND DOWN HIGH BUILDING.

Remarkable Feat of Steeplejack Astonished New Yorkers.

The latest sensation in New York is the "Human Fly." Clinging like a fly to the surface of the famous Flatiron building in Broadway, John Garrick, a thirty-year-old steeplejack, walked up and down the tall building while thousands below stood trembling at the daring feat. The Flatiron building is 286 feet high. Garrick made a bet that he would crawl from the twentieth story window to the ground—270 feet away—without touching a window sill. Down he went, one foot after the other, and one hand grasping the thin ledge below, before

he released his grip on the upper one. Never for an instant did he falter or hesitate, but with calm, even movements, as though his inch of foothold was on the step of a staircase, the steeplejack came down to the street. Then Garrick swarmed up the vertical face of the Flatiron. Our sketch shows him negotiating the cornice of the roof.

Another Centenarian.

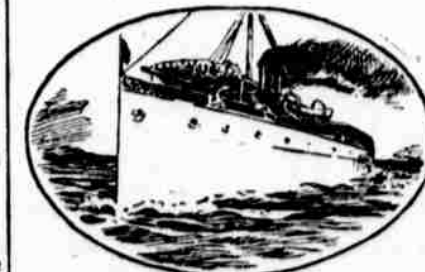

In Furstenhut, German Bohemia, lives Josepha Eder, who has just reached her 118th birthday. She has the distinction of being the oldest person in Europe to-day.

She has all her faculties and can read without glasses. To support herself she acts as nurse in a well-to-do family in her vicinity. She walks several miles a day, and has the appearance of a woman sixty years older rather than one of the enormous age of one hundred and eighteen years.

Mrs. Eder has always been poor and has had to work ever since she was a little girl. She has never been known to wear shoes, and even now she goes barefoot summer and winter. Sickness has never troubled her, and she has never had to call on a doctor.

The little village of Furstenhut is very proud of the old lady, and many tourists go out of their way to pay a visit to this famous resident of German Bohemia.

Panama's Navy.

The navy of the little republic of Panama consists of one small steam yacht. There is no army.

Wasps in Possession of Hall.

Wasps have taken possession of the Odd Fellows' hall at Central Village, Conn. Thousands of the insects are clustered on the ceiling, and meetings in the hall are off for the present.

A GIANT LAID LOW.

Crippled and Made Ill by Awful Kidney Disorders.

John Fernaays, fruit raiser, Webster, N. Y., says: "I used to lift railroad ties easily but wrenched my back and began to suffer with backache and kidney trouble. I neglected it until one day a twinge felled me like a log and made me crawl on hands and knees. I was so crippled for a time that I couldn't walk without sticks, had headaches and dizzy spells and the kidney secretions were muddy and full of brick-dust sediment. Doan's Kidney Pills made the pain disappear and corrected the urinary trouble. I have felt better ever since."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Use of "R. I." and "I. R."

King Edward placed the letters "R. I." after his signature to the congratulatory telegram sent President Roosevelt, and Emperor William reversed the order, signing "I. R." This is the usual style of each, and the difference indicates that in England "rex" is esteemed something greater than "imperator," while in Germany the "imperator" comes first.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in ½-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

The greatest men whom I have known—men whose glance embrace the heavens and the earth—were very humble, and aware of the manner in which they had risen to such eminence.—Goethe.

Do It Now.

There is a time for all things. The time to take Simmons' Cough Syrup is when afflicted with sore throat, hoarseness, coughs or colds. It is guaranteed to cure.

Be careful not to grieve over the wickedness of others; watch yourself lest you grow a few sprigs of ungodliness.

Hughes' Straggling Beard

Charles E. Hughes, the New York insurance inquisitor, had a wonderfully straggling beard when he first came prominently into view in connection with the present investigation. On the advice of friends he has had his whiskers trimmed into reasonable shape, and now is much less of an attraction for the cartoonist, in addition to which his appearance is greatly improved.

It sometimes happens that when a man takes a rest he takes something he isn't justly entitled to.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Some men are born grafters, others achieve grafting, and many have graft thrust upon them.
